TRAINING PROGRAM

With National Registry Paramedic Testing

COURSE: January 6, 2025- December 13, 2025

GENERAL COURSE INFORMATION

Lehigh Valley Health Network's George E. Moerkirk Emergency Medicine Institute (EMI) is accredited through the Commission on Accreditation of Allied Health Education Programs (CAAHEP) and the Committee on Accreditation of Educational Programs for the EMS Professions (CoAEMSP). **The National Registry requires that you attend an accredited paramedic program in order to be eligible to take the national registry exam.** EMI follows the National Standard Paramedic Curriculum which prepares the paramedic student to take the National Registry exam, the State of Pennsylvania's official Paramedic Examination. Once you have successfully completed your testing, you will receive your National Registry and PA State paramedic certifications.

The paramedic program is held in the classroom and simulation labs of the Emergency Medicine Institute, which is located on the first floor of Lehigh Valley Health Network Mack building, 2100 Mack Blvd, Allentown, Pennsylvania. The class will use a tele-distance program at LVHN Pocono, Schuylkill EMS, Pennsylvania Ambulance, LVHN Hazleton, Lehigh Valley, Central Bucks EMS and Bensalem. Students will be able to attend a large majority of the didactic material at those sites. Clinical and field rotations are held locally within our hospital network, additional hospitals that have agreements with the network, and through our EMS system partners.

The program is held on Monday and Wednesday evenings from 6:30PM-10PM, beginning January 6, 2025. There are usually one or two monthly weekend class(es) on a Saturday or Sunday from 8AM-3PM or 4PM throughout the year. The course will end December 13, 2025.

Selection of students for this course will involve an interview process. As a leadership team we are looking for the best combination of experience, knowledge and attitude to be considered the top candidates for the program. Extensive training includes didactic classroom lectures, workshops and labs using our human patient simulators (instructor to student ratio 1:6), clinical rotations in various medical disciplines and field experience through preceptorships with selected Advanced Life Support Ambulance services. The course also provides ACLS, PALS, PHTLS, and 12 Lead EKG training.

Pursuant to section 4304.1(a)(2) of the Domestic Relations Code, 23 Pa.C.S. § 4304.1(a)(2), government agencies are required to collect the Social Security Number of an individual who has one on any application for a professional or occupational license or certification. Any information collected pursuant to this section shall be confidential except as permitted by law. The information may be provided to, and used by, the Department of Public Welfare, upon its request, or a court or domestic relations section solely for the purpose of child and spousal support enforcement and, to the extent allowed by Federal law, for administration of public assistance programs. The Bureau of EMS may also use this information for purposes of a criminal history check.

Section 2603 of the State Government Code, 71 P.S. § 2603, allows an individual applying for or renewing a professional or occupational license or certification to provide an alternate form of identification in lieu of a Social Security Number. Alternate forms of identification acceptable to the Bureau are an individual's Pennsylvania Driver's License Number or a Pennsylvania Non-Driver's Identification Card Number issued by the Pennsylvania Department of Transportation (PennDOT). Out-of-state driver's license numbers or non-driver's identification card numbers (or similar documents) are not acceptable.

Please note that if you provide a PennDOT identification number in lieu of your Social Security Number, the Department of Health is still required to obtain your Social Security Number pursuant to 23 Pa.C.S. § 4304.1(a)(2). The Department of Health will contact PennDOT and provide your PennDOT identification number in order to obtain your Social Security Number. The Bureau of EMS will not process your paperwork for certification until it receives your Social Security Number from PennDOT. Be aware that this will delay the issuance of any EMS certification or recognition for which you may qualify.

If you do not have a Social Security Number, your paperwork will be forwarded to the Bureau of EMS and you may be required to obtain from the Social Security Administration documentation showing that you have applied for a Social Security Number or a certification that you are not eligible for one. If you are not eligible for a Social Security Number, you may be required to obtain an Individual Taxpayer Identification Number (ITIN) from the Internal Revenue Service before you will be granted EMS certification.
