Continuing Dental Education Program presents

“Diet & Dentistry in the 21st Century”

featuring

Nutritionist David Meinz

November 7, 2012
7:45am - 3:30pm

***NEW VENUE***
Mack Auditorium
2100 Mack Boulevard
Allentown, PA 18103
“Diet & Dentistry In The 21st Century”

Join us as David Meinz “America’s Personal Health Improvement Expert” shares the latest information on vitamin supplements, longevity, and information on cholesterol that even your physician doesn’t know. Really! You’ll learn the best and worst foods for teeth, which foods help manage stress, and much more. And then David leads us all through the popular game show “Family Food!” Root for your favorite contestant from the audience. Lots of information you can use for your family and your patients. And lots of FUN too!

David Meinz

Nutritionist David Meinz claims it’s not what you eat between Christmas and New Year’s that matters, but rather, what you eat between New Year’s and Christmas! He speaks nationally to dental groups and is a contributing editor to the Journal of the Academy of General Dentistry. He’s also a frequent guest on radio and television. Visit his dental website at www.TotalPatientCare.com.

David is a nutritionist with a Master’s Degree in Human Nutrition and he’s a registered dietitian. He’s been recognized as a Fellow in the American Dietetic Association and has received the Certified Speaking Professional designation from the National Speakers Association. In his 20-year speaking career he has presented to close to 200 dental groups. He’s also the author of the audio learning system entitled “Healthy Dentistry.” David is here to show us how to get more energy in our lives, and help us to help our patients improve both their oral and total health.
