Guided Portfolio Services®

Guided Portfolio Services (GPS) offers two approaches to help you achieve your retirement goals. One approach is for do-it-yourselfers. The other is great for those who prefer to have someone else do it for them. Both approaches deliver objective advice from independent financial expert, Morningstar Investment Management LLC, including how much to save, which investments to choose, and how much to invest in each.

GPS is offered through VALIC Financial Advisors, Inc. and is available for an additional fee. For more information, contact your local financial advisor.

Personal service from hometown financial advisors

Your financial advisor is a member of a national team of advisors who specialize in providing personal, face-to-face service locally. Your advisor can help you every step of the way, from enrollment through the financial planning process to maintaining an income stream throughout retirement. Financial planning is offered through VALIC Financial Advisors, Inc. (VFA). For example, your advisor can assist you with the following:

- **Guided enrollment**
You don't have to figure it out on your own. Your advisor will walk you through each step of the Lehigh Valley Health Network's Retirement Choice enrollment process.
- **Individually customized retirement planning**
Meet with your financial advisor face-to-face at your convenience for assistance with creating and implementing a sound retirement plan based on your unique needs and goals.
- **Annual reviews and rebalancing**
Your advisor will schedule annual reviews to help you stay on track to meet your retirement objectives — and to rebalance your portfolio, if needed, to preserve your optimal investment mix.
- **Financial educational seminars and workshops**
Through your financial advisor and our website, lvhn.AIGRS.com, you have access to a host of workplace education programs and tools developed to help you take an active role in managing your finances and saving for retirement.

And contact your financial advisor to sit down for an analysis with **Retirement Pathfinder**[®]. Check out the what-if's and the how-about's to answer your questions as you plan for your future.
