Medication Safety
LPN to GN Only

Basic Proficiency in Medication Administration

You have been scheduled to complete the Basic Proficiency in Medication Administration Assessment

- **All Experienced and Newly Licensed RN will take the Adult version of the assessment.**

- This validated and reliable testing tool measures the knowledge and abilities necessary for registered nurses to safely administer medications to a general adult population.

- The test is computer based, 60 multiple-choice questions, with a 75-minute time allowance. The test includes three categories of questions:
    - Calculations
    - Principles of Medication Administration
    - Drug Effects

- An overall score of 80% is required for successful completion of the assessment and prior to administering medications to patients.

- If an overall score of 80% is not attained, opportunity to retake the assessment will be provided.

- Calculators may be utilized during the assessment.
