Veteran Health Program

The Dick and Peggy Fleming Military and Veteran Resource/ Information Center (MAVRIC)

▸ Respect
▸ Trust
▸ Support
▸ Wellness

The Veteran Health Program (VHP) is a program of the Department of Community Health at Lehigh Valley Health Network, funded by The Fleming Foundation.

Let us help you get the assistance you deserve.

Lehigh Valley Health Network

Access to care

The Veteran Health Program (VHP) at Lehigh Valley Health Network (LVHN) works closely with Veterans Affairs (VA) and Department of Defense health care partner (TRICARE) to give you access to a large network of LVHN health care professionals.

Navigation and coordination

Navigation of the Veterans Health Administration and other agencies can be complex. VHP staff will guide you through the process and work with TRICARE, Veterans Choice Program and community organizations to address your health care needs.

Guidance and planning

A VHP care manager will interview you and create a personalized client plan built upon your current health care needs. The care manager also will connect you with community partners for other supportive services, as needed.

Bridging the gap

VHP can make referrals for assistance with:

▸ VA Compensation and Claims through an independent certified Veteran Service Officer

▸ Peer support

▸ Employment

▸ Housing

▸ Food and nutrition

▸ Clothing

▸ Financial assistance

▸ Legal assistance

▸ Wellness services
